

H' Parameter Of PNP Transistor In Common Emitter Mode Apparatus

Product Categories: [Characteristics And Application](#), [Electronics](#)

Product Page: <https://www.labappara.com/product/h-parameter-of-pnp-transistor-in-common-emitter-mode-apparatus/>

Product Description

H' Parameter Of PNP Transistor In Common Emitter Mode Apparatus

Features :

Instrument comprises of Two DC Regulated Power Supplies 0-10VDC/150mA, 0-1VDC/150mA, Four round meters, One PNP Transistor mounted behind the panel, connections of Supplies, Meters & Transistor brought out at 4mm Sockets.
